Dedication

WILLIAM F. LOTH SPEICH

The ALKI Staff of Fort Vancouver High School proudly dedicates the 1962 ALKI to Mr. William F. Lothspeich.

Mr. Lothspeich came to "Fort" in 1948 to serve as dean of boys. He remained in this position for seven years. After the division of Vancouver High School in 1955, Mr. Lothspeich was appointed principal of Fort Vancouver. He faithfully served us until October 1, 1962, when he was appointed to be principal of the newly established Columbia River High School.

Everyone remembers and respects William Lothspeich for his devotion to his work, for his excellent school spirit, and for his interest in all phases of our school program. Faculty, parents, and students have appreciated his keen sense of fairness, his integrity, and his understanding. It is with deep regret that we lose Mr. Lothspeich as our principal, but we wish him every happiness and success in his new position.

VOLUME VII

VANCOUVER, WASHINGTON

FOREWORD

Fifty years ago, Vancouver High School first opened its doors to a small group of students who had long awaited a building of their own. Today, the ALKI Staff wishes to pause and look back upon these early school years.

During the 1912-13 school year, 334 students were enrolled as Freshmen, Sophomores, Juniors, or Seniors with 41 in the first graduating class. The faculty consisted of thirteen teachers including the principal, all of whom taught classes.

At that time, there was a street car line, but no school busses to bring students from outlying areas. Therefore, if students lived in the country they walked, bicycled, lived with relatives in town, or worked for room and board in order to attend school.

Students in those days chose definite courses of study--Classical, English, Scientific, Commercial, Manual Arts, or Domestic Economy, with prescribed requirements and electives for each course. High scholastic standards of the graduates made them welcome at institutions of higher learning.

In 1912 there were only two clubs, the Phrenomathian Club for girls and the Lyceum Club for boys. Both were literary clubs which met weekly to encourage debate, parliamentary practice, public speaking, and drama. Classed as activities were a Boys' Glee Club, Girls' Glee Club, Orchestra, and Band. There was also an athletic program for both boys and girls. The boys had football, basketball, track, baseball, and intra-mural games. The girls' program consisted of class basketball teams.

A full social calendar kept each of the four classes busy during the year. After plays or athletic games, the Domestic Science Department (now called Home Arts) entertained. Girls of the senior class gave receptions in honor of the visiting football squads. The German class entertained debaters at "feeds". After basketball games, basket socials were given to raise money to pay for athletic equipment. The first party held in the new gymnasium (now the girls' gym) was sponsored by the Junior Class of 1914 to honor the Senior Class of 1913. Entertainment included games, humorous toasts, and musical selections. Each of the other classes also gave a party during the year.

Despite the many changes in the world, school today is basically the same, for the wonderful spirit and tradition of high standards set by the first student body many years ago have never been lost.

May this 1962 ALKI serve as a remembrance for those who have walked the path of Trapper tradition in the past half-century, and as a beacon, lighting the way along the road of life for those yet to come.

We Welcome ...

ALBERT E. SKAGGS
PRINCIPAL

This year Fort Vancouver was happy to welcome Albert E. Skaggs, former Astoria High School Principal, as chief administrator.

During his school years, Mr. Skaggs lived in Portland, Oregon, where he graduated from Washington High School. He then went on to attend Linfield College and the University of Washington in pursuit of his present occupation. He received his B.S. and M.A. at Linfield College; he has also attended several summer sessions there, and at the University of Washington. An active man on campus, Mr. Skaggs was president of Phi Sigma Kappa Fraternity, and a member of Phi Delta Kappa, a professional fraternity for men majoring in education.

Mr. Skaggs began his teaching career in 1949 as an instructor at McMinnville High School, and in 1954 became Research Director of the Oregon Education Association. He gained the position of principal of Astoria High School, Astoria, Oregon, in 1958, and remained there until 1961 when he succeeded Mr. Lothspeich as principal of Fort Vancouver High School.

While a member of many clubs and organizations, Mr. Skaggs still finds time for his family and his hobbies: golf and fishing.

ASS'T. SUPERINTENDENT OF SCHOOLS

Always ready to help and serve us in any way possible, are our advisors who spend their days amid the hustle and bustle of Trapper activity providing guidance and leadership for the students of Fort Vancouver. Through the years they have served at Fort, they have become a valuable part of the school. We will always remember their helpfulness during our years at Fort.

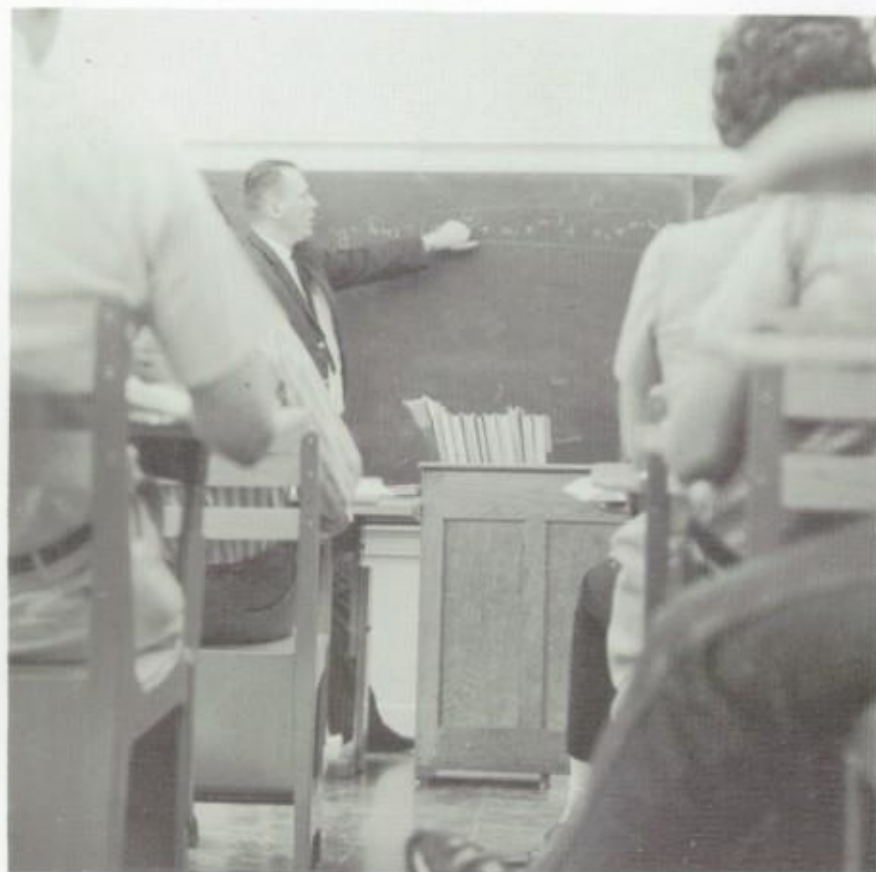

ROBERT BATES
SUPERINTENDENT OF SCHOOLS

Serving without remuneration to provide the best possible education for 13,000 pupils attending Vancouver schools, is our school board: Mrs. Mildred Phelps, John L. Hagensen, C. Sanford Thayer. Standing: Dr. John Soelling, Richard L. Smythe.

Curriculum Offers . .

While Senior English is an elective, Sophomores and Juniors are required to take one of the English courses offered. Among these are studies in composition, short stories, drama, poetry, and novels. Seniors wishing to continue in English have a choice between regular English, or College English, a college preparatory course.

Numerous courses in mathematics are available to the student interested in this field. The algebra program first teaches the fundamentals and later prepares the students for jobs in technical fields. Plane geometry involves the study of angles and plane surfaces, but is extended to a third dimension in solid geometry. For the student who has satisfactorily completed advanced algebra, and plans to take engineering in college, trigonometry is offered. To better prepare the student who plans to take calculus in college, the school offers mathematical analysis, a preparatory course for college calculus.

Departments

There are six courses in the social studies program, four of which are required for graduation. Offered for Sophomores are elective courses in social studies which stress world history. Social Studies 5 and 6 is required for graduation and is offered for Juniors. This course covers United States history. Contemporary World Problems is given in the Senior year and is required for graduation. This course covers certain aspects of civics, economics, current events, and sociology.

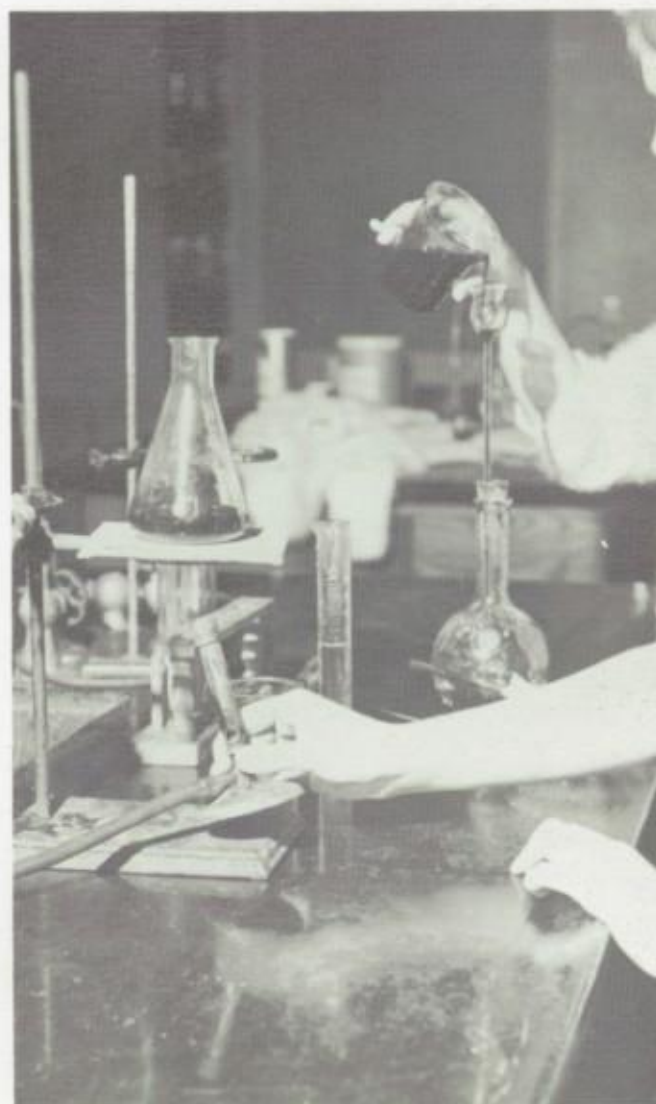

Several different foreign language courses are offered at Fort Vancouver: French, German, Spanish, and Latin. In addition, an after-school seminar in Russian is available. The Audio-Lingual technique is used in the early stages of teaching modern foreign languages. This enables students to learn languages for communication through listening to and repeating spoken portions on tape recordings. The newly installed, partially equipped language laboratory greatly assists in this method.

In the later levels, the students begin reading and then writing by copying what they have read. Increased interest has led to the offering of third and fourth year classes in foreign languages. Here, more technical aspects of grammar and reading are presented.

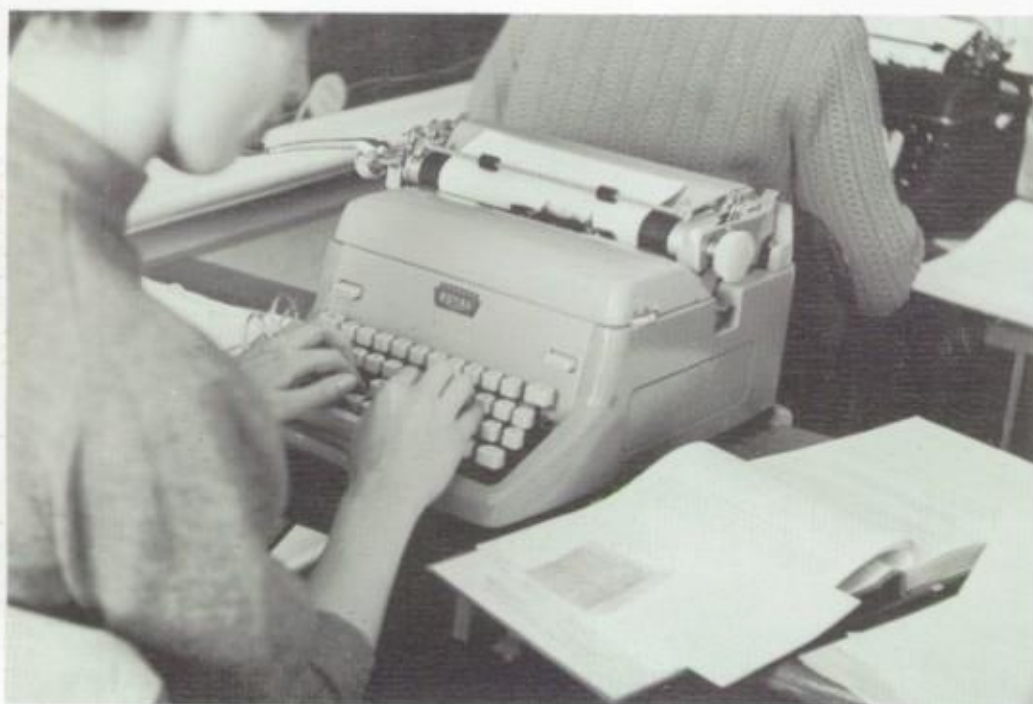

For students interested in science, there are three basic fields to choose from. Biology is available to those interested in plant and animal life. Chemistry offers students the opportunity to learn about the products and processes connected with the making of metals, petroleum refining, plastics, food processing, and numerous other industries. Physics gives students a chance to become acquainted with many practical applications of natural laws and principles which are found in every day life.

Every high school girl has some need to learn homemaking skills, whether she looks forward to a career in Home Economics, or as a wife and a mother. To develop homemaking abilities, a feeling of personal adequacy and poise, an understanding of a happy family life, a realization of individual's responsibilities in the home and society, and an appreciation of the vocational opportunities for people trained in Home Economics, are the general objectives of the Home Economics program. Courses are offered for all grade levels, each class progressing into more advanced phases of study.

Teaching the fundamental knowledge and skills to the student with limited background in art is the main objective of Art 1 and 2. This course may be followed by one of the more advanced art classes. Arts and crafts involve using a variety of materials to learn creative craftsmanship and techniques. Drawing and painting, one of the more advanced classes, includes not only medias in sketching and fine painting, but also a study of recognized artist's works. Graphic arts provides a means for the student to explore the various techniques of printing using hand operated equipment. To learn the principles of a well designed poster and then apply them in actual use is the aim of the commercial art course.

Accuracy and speed are the objectives of students in typing, shorthand, and stenography. Besides regular exercises, the students learn correct letter forms, business English, labor saving devices, how to make correct documents and outlines, and other forms of business. Bookkeeping is another business course offered at Fort. Here, budgeting, labor saving procedures, and other technical forms are taught. Business law teaches students the basic facts about law, so that he can carry on successfully in the business world.

Total emphasis of Shop I is on hand working. The students obtain a knowledge of hand woodworking tools and various methods of wood finishing. Advanced shop students study design, use the power tools, and learn construction, repair, and refinishing of furniture. Metal shop is a course designed for all high school students and acquaints them with many techniques and phases of working with metal. Machinery worth a quarter of a million dollars is used in the machine shop, and students in this three-hour course are instructed in the use and operation of the equipment.

Sure,
 too too
 had things did a
 m'x turn out as we
 planned isn't it. A lot of good
 luck to a REAL Nice girl
 who is making a big and
 serious mistake by keeping
 a wonderful personality
 bottled up inside her.
 PS Have fun Wave
 Dick this summer.

C O U R T

A variety of purses were seen around school on Friday.

"Silence" and "Long Skirt Day" marked the beginning of three fun-filled Tolo days this year. Thursday brought "Slave" and "No Make-up Day", which brought surprised looks from male members of the Student Body. On Friday, girls had to wear pink and carry a purse large enough to hold books and all other items they might have.

Kangaroo Court punished those who had "gone astray" during the week. Many students were brought before St. Peter, who presided as judge, and were sentenced to perform hilarious stunts in front of the student body.

Our thanks to the Girls' League for making this year's Tolo a huge success.

Irene Hamaker, Karla Greenwood, Karen Smith, and Debbie Thomas model their skirts on "Long Skirt Day."

Roger Morley loads Linda Royle with books on "Slave Day."

Scoreboard at the half-time showed the "Trappers" lead.

Inspiration, spirit, and determination, exhibited by both the Student Body and team, once again brought victory to the Fort Vancouver Trappers over their traditional cross-town rival, the Hudson's Bay Eagles. The "Lonesome Center" play used at the beginning of the game dealt a stunning blow to the Eagles and helped the Trappers to obtain a quick lead. Fine action during the entire game served as excellent entertainment for the fans.

COACH CAVE

Our Junior Varsity football team this year rallied at the close of the season to hold the undefeated Hudson's Bay Eagles scoreless until the closing minutes of the game. In the fourth quarter the Eagles were able to score one touchdown. Despite the record, Coach Cave had this to say about the season "The boys played tough football, showed a determined spirit and improved tremendously over the season. They were a fine team of young football players, one that Fort Vancouver can be proud of." We shall be looking forward to a fine team next year.

Fort's excellent intramural program gives the active student a chance to display his fine athletic ability. The action is always terrific and a thrill a minute is guaranteed to inspire each and every team member to do his very best. The three sports activities offered are football, basketball, and ping pong. They are played right after school, two nights a week. This year over 150 fellows participated and enjoyed lots of fun and excitement.

G.A.A. LEADERSHIP PROVIDES

Miss Hauck

Under the direction of Miss Dora Hauck, with the capable assistance of President Jane Wasson, the G.A.A. was busy with numerous activities. Included were sponsoring of the Homecoming Dance and selling of football programs. Other G.A.A. activities included a Christmas Party Installation, a Dad-Daughter Night, a bicycle hike, and a Mother-Daughter Potluck.

G.A.A. members earn their letters by participation in sports and service activities.

LETTERGIRL OFFICERS: Sue Malinowski, Phyllis Jensen, and Susan Gueffroy.

G.A.A. OFFICERS: Carol Wells, Jane Wasson, Sheryl Nelson, and Donna Olander.

PROGRAM OF VARIED ACTIVITIES

Off to a flying start, dads compete in relays.

Amid the ships, boats, anchors, and other nautical symbols, the dads of GAA members played vigorous games of volleyball, shuffleboard, bowling, and relays. According to Miss Hauck, "The dads enjoyed the games with the girls and all seemed to have a good time." After the games the dads and daughters refreshed with apple crisp a-la-mode and coffee or milk.

Waiting to start on bike hike.

Cyclers stop to rest.

Accompanied by seven members of the Clark County Sheriff's Motorcycle Posse, fifty girls left Fruit Valley Farms and set out on a ten mile bike hike sponsored by the G.A.A. The girls peddled to a private beach on the Columbia River where they played softball and tag football, followed by a weiner roast.

Starting the year off right, the Sophomore Class elected officers and then sponsored the Homecoming Rally. Throughout the year, they participated in almost every activity, including sports, Girls' and Boys' League activities, and student government. They have shown their ability to learn by having many members of their class on the Honor Roll.

Under the direction of Mrs. Benson, Mr. Bippes, and the class officers, the Sophomore Assembly produced an array of talent and originality.

Thus, with many achievements and memories behind them, the energetic members of this class are now looking forward to another wonderful year at Fort as Juniors.

From bewildered sophomores, the Junior Class has become one of the most outstanding classes at Fort. They are loyal supporters and ardent followers of all school activities.

The Juniors did an excellent job of selling programs and concessions at games, and also took part in many activities, dance committees and student government being a few. During the spring, their efforts were directed toward the coming Junior-Senior Prom.

With many wonderful times behind them, this class is now looking forward to their final exciting year as "Mighty Seniors."

Commencement in June 1962 climaxed three years of work and fun for the Senior Class. The last year passed quickly with a full round of dances, classes, and activities ending with the traditional Senior Walkout Assembly.

A record number of eighty-one Seniors were listed on the Honor Roll. All three hundred thirty-three class members helped to make the Class of 1962 an outstanding one in the history of Fort Vancouver.
